CHAIRMAN'S REPORT

Canadian Livestock Records Corporation has seen a significant increase in the volume of our member organizations' work in 2005. This is the first increase since drought, and then BSE, impacted so much of our membership. I would like to thank Ron Black our General Manager and the competent experienced staff at CLRC for keeping the quality of our product high while having to endure some personal sacrifice, as we attempted to keep your registry service viable while offering leading edge registry services to our membership.

If the first few weeks of 2006 are an indication, we should see another year of growth. I would like to thank the Board of Directors who have taken the time to provide guidance to CLRC. I believe the decisions taken in the past few months have put CLRC in the position to grow and develop the service provided.

2005 was a momentous year as we celebrated the 100th Anniversary of the organization. It is interesting when reading the history of CLRC to see how some issues related to registry services recur over time. It has been the goal of your CLRC Board of Directors to continue to address the ongoing challenges facing pedigree stock producers, and at the same time find ways of enhancing and improving the service provided. I would encourage members to continue to put forward ideas that will help us in improving CLRC. The CLRC website with the electronic Herd Book provides members with instant online access to pedigree information and services. It also provides potential customers with information whether they are in Canada or around the world. Breeders can make use of the CLRC Marketplace to help potential customers find out more about their breeding programs and in many cases as a link to their websites.

It is the focus of CLRC to continue to be a leader worldwide in the efficient and accurate delivery of registry information for our Members. As we move into our second century of service to the Canadian Livestock industry, we want to reflect that our members are leaders in the production of pedigreed seed stock worldwide.

Dan Stephenson, Chairman

RAPPORT DU PRÉSIDENT

Au cours de l'année 2005, la Société canadienne d'enregistrement des animaux a marqué une augmentation significative dans le volume de travail soumis par nos associations membres. Ceci marque la première augmentation depuis, premièrement, la sécheresse, et en deuxième lieu, l'ESB. Je désire remercier Ron Black, notre Gérant général, et le personnel compétent de la SCEA pour leurs efforts à maintenir la qualité du service tout en souffrant des sacrifices personnels. Sans leurs efforts, il nous serait impossible de vous offrir un service de registre de qualité supérieur.

Si les premières semaines de 2006 servent comme indicatif, nous devons avoir une autre année de croissance. Je désire remercier le Conseil d'administration – un groupe de personnes qui ont donné de leurs temps pour diriger la SCEA. Grâce aux décisions prises dans les derniers mois, je crois que la SCEA est dans une très bonne position pour développer d'avantage les services fournis.

En 2005 nous avons célébré notre centenaire. C'est très intéressant de lire l'historique de la SCEA et de remarquer que quelques problèmes dans l'industrie semblent revenir génération après génération. Le but du Conseil d'administration de la SCEA est d'adresser les changements dans l'industrie de stock de reproduction tout en trouvant des façons d'améliorer les services fournis. Je vous encourage tous de nous faire part de vos idées et commentaires – c'est avec votre participation que nous pouvons croître. Le livre généalogique électronique qui se trouve sur le site Internet de la SCEA est un outil indispensable. Les membres ont accès à une gamme d'information généalogique et de services offerts par la SCEA. Ces mêmes services sont aussi disponibles aux clients potentiels – qu'ils soient au Canada ou dans un autre pays. Les producteurs peuvent utiliser le Marché de la SCEA – un outil qui offre des détails de votre élevage et offre aussi un lien à votre site Internet.

Le but principal de la SCEA est de continuer à offrir un service de registre de qualité supérieur qui est reconnue au niveau mondial. En commençant notre deuxième siècle de service à l'industrie animale canadienne, c'est notre opinion que nos membres sont des leaders dans la production de stock de reproduction.

Dan Stephenson, Président

GENERAL MANAGER'S REPORT

As I reflect on 2005 at Canadian Livestock Records Corporation, there are two thoughts that immediately come to mind as the highlights of the year.

The first was the celebration of this organization's centennial. The banquet held on April 1, 2005 in conjunction with the Annual Meeting was attended by a number of past Chairmen and Directors, former and present staff members, and other "friends" of CLRC, as well as the current representatives of the breed associations. The Hon. Dan Hays, Speaker of the Senate of Canada, and a purebred livestock breeder, brought an interesting address on his observations of the state of Canada's agriculture industry. A printed history of CLRC, entitled A Record of the Records, was produced for the occasion, and copies are still available by contacting the CLRC office. We are very appreciative of the several generous sponsors we had for that event.

The second highlight was the significant recovery from the effects of the BSE discoveries and resultant border closures that had marked negative impacts in 2004. The overall work volume processed at CLRC on behalf of the member associations during 2005 increased by 15.8% over 2004 to 140082 units. The total number of registrations in 2005 was 115,264, compared to 80,955 in 2004, and increase of 42%. While swine accounted for about 29,000 of those additional registrations, the other associations still experienced a collective increase of some 6,000 registrations. A total of 21,283 transfers of ownership were recorded, an increase of 2,180 or 11.4% from 2004.

It was gratifying during the year to see these numbers grow month by month as confidence was restored in our breeding stock industry. We all still await the day when the United States is again open for the export of ruminant breeding animals, which should result in a further positive effect. At the same time, I recognize that the situation of the last two years has regrettably forced a number of breeders to leave the industry.

The increase in work volumes leaves CLRC in a much improved financial situation at the end of 2005.

In closing, I wish to again express my appreciation to the CLRC staff for their hard work and dedication, to the Board of Directors for their leadership and support, and to the member associations for their confidence in the services provided by this enduring organization.

Ronald K. Black,
General Manager

RAPPORT DU GÉRANT GÉNÉRAL

En réfléchissant sur l'année 2005 à la Société canadienne d'enregistrement des animaux, deux choses me viennent immédiatement à l'esprit comme vedettes de l'année.

La première, évidemment, était la célébration du centenaire de la Société canadienne d'enregistrement des animaux. Lors du banquet, qui a eu lieu le 1 avril 2005 et conjointement avec l'assemblée annuelle, plusieurs anciens directeurs et présidents y ont participé ainsi que plusieurs membres du personnel, passé et présent, et plusieurs «amis» de la SCEA. L'Honorable Dan Hays, Président du Sénat du Canada, et un éleveur de bétail de race, nous a fait part d'une opinion très intéressante sur l'industrie agricole. Une historique imprimée, A Record of the Records, a été créée pour l'occasion. Des copies sont toujours disponibles au près de la SCEA. Nous apprécions les commanditaires pour cet événement.

La deuxième était l'augmentation significative dans le volume de travail suite à la crise de l'ESB et la fermeture des frontières – deux aspects négatifs de l'année 2004. Le volume de travail en 2005 a augmenté de 15.8% à 140,082 unités. En 2005, nous avons complété 115,264 enregistrements, versus 80,955 en 2004 – une augmentation de 42%. Quoique les porcs comptent 29,000 de ces nouveaux enregistrements, les autres associations ont marqué une augmentation collective de 6,000 enregistrements. Un total de 21,283 transferts de propriété ont été inscrits – une augmentation de 2,180 ou 11.4%.

C'était agréable de voir augmenter les chiffres, mois par mois, à fur et à mesure que la confiance dans notre industrie augmentait. Nous attendons tous la journée que les frontières américaines seront ouvertes à nouveau pour l'exportation sans restrictions – un effet qui sera, sans doute, très positif. J'avoue que plusieurs éleveurs ont quitté l'élevage de bétail à cause de la situation au cours des deux dernières années.

La SCEA est dans une position financière plus acceptable à la fin de 2005 grâce à l'augmentation dans le volume de travail.

Je désire prendre la cette occasion pour exprimer mon appréciation envers le personnel de la SCEA pour leur dévouement, au Conseil d'administration pour leur direction et appuie et aux associations membre pour leur confiance dans les services que nous fournissons.
