## **CHAIRMAN ' S REPORT**

Canadian Livestock Records Corporation had a successful year in 2007. The volume of business in 2007 allowed CLRC to continue to provide timely service while maintaining and improving systems.

At the end of 2007 the border to the United States finally opened after being closed for 4 1/2 years due to BSE. This has allowed breeders to finally start to rebuild the export market for their Canadian genetics. The rules for exporting to the US vary from state to state so breeders should be careful to make sure they know the health requirements of the state where they are exporting. This good news was offset by higher feed prices and lower prices for meat products which of course will affect the demand for breeding stock. Another factor affecting the sale of breeding stock to the US is the high value of the Canadian dollar. In spite of these challenges we have seen exports to the USA, Europe and Russia.

There are many challenges facing registered seed stock producers. At CLRC the Board of Directors and the CLRC staff have worked to improve efficiencies while reducing costs. I believe the decisions taken over the past year and plans being put in place will allow CLRC to continue to grow and develop the services we provide. We have just added new computers so that the registrars can continue to process work in an efficient and timely fashion. We are very pleased with the short turn around time we have been able to maintain.

CLRC provides one of the most respected registry services in the world. It is the goal of the current Board and the CLRC staff to continue to enhance and increase the services provided to the membership. If you have any ideas or suggestions on how to improve or enhance the services provided by CLRC please contact myself, a director, or Ron Black. I would also encourage members to make use of the many services offered, such as Marketplace, online registrations, the electronic herd book, French translation and many other services. I would like to take this opportunity to let members know about the reduced cost of Marketplace and the value it offers members as another way to advertise their breeding programs.

CLRC has been fortunate to have many long term staff that are committed employees. In 2008 we have a registrar retiring, Jane Davy. Jane has provided CLRC with many years of exceptional service and we wish her all the best in her retirement.

I would like to thank Ron Black, our General Manager, and the rest of the CLRC staff for their commitment and hard work. I would also like to thank the Board of Directors for their time and dedication, and the guidance that they offer to CLRC.

It will continue to be the focus of CLRC to deliver registration services in an efficient and accurate way for our Members.

Sheryl Blackburn  
Chairman

## **RAPPORT DU PRÉSIDENT**

L'année 2006 était un grand succès pour la Société canadienne d'enregistrement des animaux. Le volume de travail en 2006 a permis à la SCEA d'ajouter un petit montant au fonds de réserve, et ce en partie, grâce aux bourses fournies à nos associations membres via le Programme visant à préserver la qualité génétique des ruminants.

Au cours des dernières années, les producteurs de sujets de race ont fait face à plusieurs défis. Tout en respectant ces difficultés dans l'industrie, la SCEA et les employés de cette dernière travaillent sans cesse à améliorer l'efficacité et le service tout en réduisant les coûts. Je crois que les décisions prises au cours de la dernière année et les plans à venir permettront la croissance de la SCEA et le développement des services qu'elle peut offrir.

La SCEA fournit un service de registre sans pareil. Le but du Conseil d'administration actuel et des employés de la SCEA est de rehausser et augmenter les services disponibles aux associations membres. Si vous avez des idées ou suggestions, n'hésitez pas de communiquer avec moi, un des administrateurs ou Ron Black.

Je vous encourage tous d'utiliser les services qui sont offerts par la SCEA – le Marketplace, service d'enregistrement électronique, livres généalogiques électroniques, analyses ADN des équidés par l'entremise de Maxxam Analytics Inc., analyses ADN des bovins par l'entremise des Laboratoires Bova-Can, services de traduction, etc. Veuillez noter que le frais d'inscription au Marketplace a été réduit – il s'agit d'un outil de promotion exceptionnel.

La SCEA a accepté d'autres associations comme membre et d'autres en seront ajoutées en 2007. La SCEA est chanceuse d'avoir plusieurs employés dévoués, et ce, à long terme. À la fin 2006, Dianne Lance a pris sa retraite après plusieurs (45, en fait!) années de services. Nous la souhaitons une bonne retraite!

Je désire remercier Ron Black, notre Gérant général, et les employés de la SCEA pour leur dévouement et leurs efforts. Je désire également remercier le Conseil d'administration pour leur temps et dévouement, et pour la direction qu'ils offrent à la SCEA.

La SCEA continuera dans ses efforts pour être le leader de services de registre précis et efficace, au Canada et ailleurs au monde.

Sheryl Blackburn  
Présidente

## **RAPPORT DE LA PRÉSIDENTE**

L'année 2007 était un succès pour la Société canadienne d'enregistrement des animaux. Le volume de travail en 2007 a permis à la SCEA de continuer de fournir un service efficace tout en améliorant leurs systèmes.

À la fin de 2007, les frontières américaines sont finalement ouvertes après avoir été fermées pendant 4 ans et demi à cause de l'ESB. Cette réouverture a permis aux producteurs de rebâtir les marchés d'exportation de génétiques canadiennes. Les règlements d'exportation varient d'état en état alors les éleveurs doivent s'assurer des règlements de santé de l'état en question avant d'en exporter des animaux. Cette bonne nouvelle a été compenser par une augmentation dans le prix de la nourriture animale et la diminution dans le prix de la viande – tous les deux affectent la demande de stock de reproduction. Un autre élément qui affect la vente de stock de reproduction aux États-Unis est la haute valeur du dollar canadien. Malgré tous ces défis, nous avons tout de même exportés des animaux aux États-Unis, en Europe et en Russie.

Les producteurs de stock de reproduction font face à des défis quotidiens. Le Conseil d'administration de la SCEA ainsi que les employés de cette dernière essaient toujours d'améliorer l'efficacité tout en réduisant les coûts. Je crois que les décisions prises au cours de la dernière année et les plans qui sont en place pour le futur proche permettront le développement et l'expansion des services que nous offrons. Nous avons ajouté des nouveaux ordinateurs afin de permettre aux registraires de traiter les demandes de façon plus efficace et plus rapide. Nous sommes très fier du temps requis pour compléter les transactions.

Le service de registre fourni par la SCEA est parmi le plus respecté au monde. Le Conseil d'administration et le personnel de la SCEA essaient toujours d'améliorer et d'augmenter le nombre de services qui sont offerts à ses clients. Si vous avez des idées ou des suggestions, merci de communiquer avec moi, un directeur ou Ron Black. Je vous encourage tous d'utiliser les services qui sont offerts – Le Marché, enregistrements électroniques, livres généalogiques électroniques, traduction et plusieurs autres. Je désire profiter de cette occasion pour vous aviser que le prix pour Le Marché a été réduit mais le service offre toujours la même qualité de promotion pour votre élevage.

La SCEA a toujours été chanceuse d'avoir du personnel à très long terme. En 2008, une de nos registraire prend sa retraite – Jane Davy. Jane nous a toujours donné un service exceptionnel et nous lui offrons nos meilleurs vœux.

Je désire remercier Ron Black, notre Gérant général, et les employés de la SCEA pour leurs efforts. Je tiens aussi à remercier le Conseil d'administration pour leur temps, leur dévouement et la direction qu'il offre à la SCEA.

La SCEA vous offre un service de registre efficace et précis, et ce, avec fierté.

Sheryl Blackburn  
Présidente

## **GENERAL MANAGER'S REPORT**

On behalf of the Board of Directors, I am pleased to present this Annual Report of Canadian Livestock Records Corporation for 2007. Although the volume of work processed decreased by 9% compared to 2006, there were still many positives for the organization, and I am pleased to report that the year ended with a modest surplus as shown in the financial statements. This is due in no small part to the leadership given by the Board of Directors and to the diligence of the loyal CLRC staff. We were all acutely aware of the many challenges facing the livestock breeding industry in Canada this past year, and everyone involved at CLRC was committed to responding to those challenges in positive ways.

In summary, there were a total of 101,003 animals of all breeds registered in 2007, compared to 116,918 in 2006. A total of 21,722 animals were transferred, compared to 22,494 in 2006. These transactions were processed for the 11,641 members of the 51 member breed associations, 3 contract associations, and the General Stud and Herd Book and Canadian Identification Project.

During the year, the registry for the Canadian Connemara Pony Society was implemented, and processing of their work began mid-year.

During 2007, we continued to experience good usage of our ancillary services including the electronic herd book, the sale of microchips, and Marketplace.

One of the positive developments referred to above was the decision by the Board of Directors and management to embark on a program to renew the computer technologies in place at CLRC, in order to continue to provide the level of service required and expected by our members. The architecture of the computer system now allows for this to occur in stages, and so in the latter part of the year, new computers and monitors, with new operating software, were purchased for all employees. This will be followed by replacement of the server in 2008.

As CLRC moves forward into 2008, the organization will also be pursuing implementation of a performance recording capability for beef cattle, and the provision of age verification data to the Canadian Cattle Identification Agency.

I extend my appreciation to everyone involved with CLRC during the past year for their assistance in making our year a successful one in the face of the aforementioned challenges.

Ronald K. Black,  
General Manager

## RAPPORT DU GÉRANT GÉNÉRAL

Au nom du Conseil d'administration, je suis fier de présenter ce Rapport annuel de la Société canadienne d'enregistrement des animaux pour 2007. Malgré une diminution de 9% dans le volume de travail traité, en comparaison avec 2006, il y a tout de même plusieurs aspects positifs pour la Société. Je suis heureux de reporter que l'année s'est terminée avec un modeste surplus tel que détaillé dans les États financiers, et ce, en grande partie, grâce à la direction du Conseil d'administration et à la diligence des employés de la SCEA. Nous étions tous au courant des changements et des difficultés réels dans l'industrie au cours de la dernière année et nous étions tous prêts à accepter ces défis de façon positive.

Il y avait un total de 101 003 animaux de toutes races enregistrés en 2007. En 2006, il y en avait 116 918. Un total de 21 722 animaux ont été transférés. En 2006, il y en avait 22 494. Ces transactions ont été traitées pour 11 641 membres de 51 associations membres, 3 associations sous contrat, le Livre généalogique général et le Projet d'identification canadien.

Au cours de l'année, un registre pour la Société canadienne des poneys Connemara a été développé et le traitement de leurs données a commencé au milieu de l'année.

En 2007, plusieurs éleveurs de différentes races ont pris avantage de nos services auxiliaires tels que Le Marché, les livres généalogiques électroniques et la vente de micro-puces.

Le Conseil d'administration et le bureau de direction de la SCEA a décidé de renouveler le système informatique afin de continuer à fournir un service efficace et rapide à tous nos membres. L'architecture du nouveau système informatique nous permet de renouveler en stages, alors, vers la fin de l'année, nous avons acheté des nouveaux ordinateurs pour tous les employés. Le serveur principal sera remplacé en 2008.

Avec notre progression informatique en 2008, nous espérons pouvoir développer la capacité de maintenir les registres de performance pour les races à bœuf et de fournir des données de vérification d'âge à l'Agence canadienne de l'identification des bovins.

Je tiens à remercier toutes les personnes qui font affaires avec la SCEA – votre appuie est beaucoup apprécié. C'est grâce à vous tous que nous avons encore du succès malgré les défis de la dernière année.

Ronald K. Black  
Gérant général
