CHAIRMAN'S REPORT

As we begin 2014 and embark on our 110th year we find that we will be seeing change at CLRC.

One change will be a new General Manager. I would like to take the time to thank our General Manager Ron Black for his many years of service to CLRC as he nears his retirement date this fall. We are at present doing a search for a new General Manager.

For our 100th Anniversary, Ron wrote a history of CLRC. It can be found on our website and with the current suggestions that the Animal Pedigree Act should be amended or appealed, it makes good reading as to why we exist. The original concept for a National Registry actually came from purebred livestock producers themselves, and they were instrumental in setting up a system for animal pedigrees that is respected around the world. When one enters into the International trade market, one needs as many advantages as possible and the livestock and animal industry in Canada has been well served by the very high standards set by the Animal Pedigree Act. When buyers select a good Canadian animal for export, they are confident in the pedigree that goes with it. Change is not necessarily bad or good, but when it takes place, it should be thoughtful and done for the right reasons. Buzz word phrases like self-regulating might have an appeal but can be pretty empty when evaluated. To say the Animal Pedigree Act is old legislation after 25 years does not mean it is bad legislation if it still serves its original purpose, which actually was a concept acted on 110 years ago!

The changes in record keeping could not have been foreseen by the founders of CLRC, but today, the electronic herd book, DNA data control, searchable online extended pedigrees, inbreeding coefficients and many other services make CLRC as vital and as leading edge in 2014 as the original concept for National Live Stock Records was in 1905.

I would like to thank Ron Black and the rest of the CLRC staff for their commitment and hard work. I would also like to thank the Board of Directors for their time and dedication, and the guidance that they offer to CLRC.

It will continue to be the focus of CLRC to be a worldwide leader in the efficient and accurate delivery of registration services for our Members as they continue to provide top seed stock to Canada and the world.

Respectfully submitted,

Dan Stephenson
Chairman

RAPPORT DU PRÉSIDENTE

Le début de 2014, nous commençons notre 110^{ième} année et il y aura des changements à la SCEA.

Un des changements est au niveau de la direction – un nouveau gérant général. Je tiens à remercier Ron Black pour ses années de service à la SCEA. Ron prend sa retraite cet automne. Nous sommes en pleines démarches pour trouver un autre gérant général.

Pour notre 100^{ième} anniversaire, Ron a rédigé un historique de la SCEA. Vous trouverez cette rédaction sur notre site Internet avec les suggestions que la Loi sur la généalogie des animaux devrait être modifiée ou abrogée – c'est une indication des raisons que nous existons. Le concept original d'un service de registre venait des éleveurs-mêmes et était instrumental dans la gestion d'un système de pedigrees animales qui est respecté au niveau mondial. Lorsque vous entrez dans les marchés internationaux, vous avez besoin de tous les avantages qui vous sont disponibles – les industries animales au Canada ont toujours été bien servies par les hautes standards établies par la Loi sur la généalogie des animaux. Lorsque les acheteurs choisissent un animal canadien pour exportation, ils ont confiance dans le pedigree qui accompagne cet animal. Un changement n'est pas nécessairement bon ou mauvais mais lorsqu'il vient le temps de changer, ce changement devrait être de bénéfice et pour les bonnes raisons. Des mots clés comme « autorégulation » semblent idéal au début mais peuvent être vides lorsqu'évalués. En disant que la Loi sur la généalogie des animaux est une vieille législation après 25 ans n'implique pas nécessairement qu'il s'agit d'une législation fautive s'il sert toujours le but original – actuellement, un concept qui a été développé il y a 110 ans!

Les changements au niveau de la tenue des registres ne pouvaient être prédits par les fondateurs de la SCEA mais, aujourd'hui, le livre généalogique électronique, le contrôle offert par l'ADN, les pedigrees recherchables sur l'Internet, les coefficients de consanguinité et plusieurs autres services garantissent que la SCEA est aussi essentielle en 2014 qu'elle était lors de sa conception originale en 1905.

Je tiens à remercier Ron Black et le personnel de la SCEA pour leur dévouement et ténacité. Je tiens aussi à remercier le Conseil d'administration pour leur temps et efforts et la direction offerte à la SCEA.

La SCEA sera toujours dévouée à être leader mondial dans la distribution efficace et précise de services de registre à nos membres afin qu'ils puissent continuer à offrir des génétiques supérieures au Canada et au niveau mondial.

Sincèrement,

Dan Stephenson
Président

GENERAL MANAGER'S REPORT

The Board of Directors and I are pleased to present this report of the activities of Canadian Livestock Records Corporation for 2013. Although registration and transfer numbers did decline compared to the previous year, staff were kept busy meeting the needs of the breeders, and the Board of Directors had many decisions to make to ensure that CLRC continues to meet those current needs as well as those that will arise in the future.

In summary, there were a total of 101,235 animals of all breeds registered, identified or recorded in 2013, compared to 133,169 in 2012. A total of 20,994 animals were transferred compared to 22,087 in 2012. This work was done on behalf of the 49 active member associations, 6 contract associations and the General Stud and Herd Book and Canadian Identification Project.

In the 2012 Annual Report, it was indicated that work was in progress to calculate inbreeding coefficients for all animals in the database and display them on the CLRC website Members and Pedigrees section. This work was completed in the spring of 2013 and CLRC has received many compliments regarding this added service.

As I write this report, I am pleased to report that work has begun to develop a registry for Red Devon USA, which has signed a contract with CLRC.

As many know already, I will be retiring from CLRC on October 3, 2014 at which time I will have completed forty years of service. It has truly been an honour and privilege to have worked with so many wonderful and interesting people in the various breed associations, on the staff, and on the Board of Directors through the years, and to have had the delightful experience of visiting many interesting corners of Canada to fulfil my duties. I very much appreciated the early retirement celebration that I was given at the Annual Meeting in Ottawa, for which my family, the CLRC staff, and some former staff members could be present. I extend a very big thank you to all who have made my career so enjoyable and rewarding, and I wish CLRC every success in the future.

I once again wish to thank the breed associations for their patronage and cooperation, Chairman Dan Stephenson and the CLRC Board of Directors for their continued leadership and vision, and the dedicated CLRC staff members who make it all happen every day.

Sincerely
Ronald Black
General Manager

RAPPORT DU GÉRANT GÉNÉRAL

Le Conseil d'administration et moi sommes fier de présenter ce rapport des activités de la Société canadienne d'enregistrement des animaux pour 2013. Le nombre d'enregistrements et de transferts ont diminués depuis l'année dernière mais le personnel s'est tenu occupé en répondant aux besoins des éleveurs. Le Conseil d'administration a pris plusieurs décisions pour assurer que la SCEA continue à répondre aux besoins actuels ainsi que celles qui surviendront dans le futur.

Il y avait un total de 101,235 animaux de toutes races enregistrés, identifiés ou inscrits en 2013 – en 2012, il y avait 133,169. Un total de 20,994 animaux ont été transférés. En 2012, il y en avait 22,087. Ces transactions ont été traitées aux noms de 49 associations membres actives, 6 associations sous contrat, le Livre généalogique général et le Projet d'identification canadien.

Dans le rapport annuel 2012, nous avons mentionné que nous étions dans les stades de développement de logiciel pour calculer le coefficient de consanguinité pour chaque animal dans la base de données de la SCEA et d'afficher ces coefficients et les tableaux relatifs aux ancêtres qui se répètent sur notre site internet. Ce projet s'est terminé au printemps 2013 et nous avons reçus plusieurs compliments concernant ce nouveau service.

En rédigeant ce rapport, je suis fier de vous aviser que le développement du service de registre pour le Red Devon USA a commencé – Red Devon USA a déjà signé un contrat avec la SCEA.

Plusieurs d'entre vous savez déjà que je prends ma retraite le 3 octobre 2014, après 40 ans de service à la SCEA. C'était un privilège et un honneur de travailler avec des gens intéressants de toutes les associations de race, le personnel et le Conseil d'administration. J'ai beaucoup aimé voyager de côte à côte pour remplir mes exigences. J'ai beaucoup apprécié la célébration de ma retraite qui a eu lieu lors de l'AGA de la SCEA à Ottawa l'année dernière – ma famille, le personnel et plusieurs amis ont eu la chance d'y participer. Je tiens à remercier tous ceux qui ont fait que ma carrière était plaisante et je souhaite tout succès à la SCEA dans le futur.

Encore une fois, je tiens à remercier les associations de race pour leur confiance dans les services offerts par la SCEA, le Président Dan Stephenson et le Conseil d'administration de la SCEA pour leur appuie et direction ainsi que le dévouement du personnel de la SCEA.

Sincèrement,

Ronald K. Black
Gérant général
