## APPLICATION FOR REGISTERED HERD TATTOO

**FEE - \$10./tattoo prefix. An Additional \$10./prefix if you wish to register a 'name prefix' other than the tattoo. (Lifetime use)**

NAPA recommends that you register your tattoo for use as the herd prefix, for the total fee of \$10. for your lifetime use. That is, you will use the registered tattoo in the animal's ear, plus as part of their name. For example: your tattoo is "ABC" and you will name all of your cattle "ABC Animal 1B" etc. However, you may register the tattoo (eg. ABC) for the \$10. fee for lifetime use, plus a name (eg. Stampede) for an additional \$10.fee to then name your cattle all "Stampede Animal 1B" etc. with the tattoo "ABC 1B".

(Two, three or four letters for use in tattooing for permanent identification of your cattle. You cannot use numbers, or the letter "Q". We recommend two-three letters, and that the tattooing is done promptly after birth to avoid confusion later. Remember, a 1-4 digit herd number and the proper year letter must follow the herd prefix letters in the ear.
